§ Contains alcohol ± Contains almonds + Contains pistachio

Allergen notes for Ice Cream & Sorbet: Made in a kitchen that handles nuts, peanuts and gluten (and also some chocolates that contain soy lecithin as an emulsifier). We use these products on a regular basis so whilst every care is taken that nuts do not come into contact with flavours that do not list nuts as an ingredient this can by no means be guaranteed. Sesame, wines (with sulphites) and mustard are also used in the kitchen, on occasion.

Allergen notes for Regular Waffle Cone: May contain traces of nuts.

Allergen notes for Chocolate Waffle Cone: May contain traces of peanut and other nuts.

Allergen notes for Gluten Free Cone: Packed in a facility which also handles peanuts, nuts, milk, egg and gluten.

Allergen notes for Chocolate Soil and Vanilla Bean Crumble: May contain traces of nuts and/or soy.

Allergen notes for Sprinkles: Packed in a facility where nuts are also handled.
